## Experience

- 1. Front end developer (March 1, 2019 – continuing)**  
**Software department, TechnTalents, Dhaka**  
**Responsibilities:** As this was a startup project, I was responsible here for generating production-ready web layouts from the mockups using the latest technology and tools. Writing clean code following the best practice. Testing and investigating existing bugs of the web application and preparing detailed reports. Integrating front-end with back-end. Using version controlling tools and hosting in the staging server.
- 2. Accounts Officer (October 1, 2014 – March, 2015)**  
**Accounts dept., MABS, Dhaka**  
**Responsibilities:** Handling accounts and financial documents. Creating report for daily cash inflow and outflow. Communicating and collaborating with clients about financial matters.
